Here’s how WE are different—and why our pricing model is your winning investment:

Built-In Visibility and Marketing Support:

You’re not just getting distributed—you’re getting promoted. We create buzz through talk shows, press releases, QR codes, cross-promotion with other shows, and network-wide exposure.

Guaranteed Prime Time Placement:

You get a dedicated day and time for live premieres and on-demand features. Not buried. Not waiting. Not hoping the algorithm favors you.

Tailored Brand Growth Strategy:

We help you build your entire brand—not just post your film. Our strategy positions you for speaking gigs, sponsorships, and business growth opportunities no aggregator or free site will ever provide.

Direct-to-Audience Connection:

Your audience isn’t random viewers scrolling past. We guide targeted exposure to viewers who care about indie films, thought leadership, documentaries, and global storytelling.

Transparency and Real ROI:

Instead of surrendering your film to the algorithm gods or being buried in backend platforms, you get personalized attention, marketing, and distribution—and you keep more of the earnings through ad placements and promotions.

Flexible, Affordable Pricing:

For as little as \$500 down and \$95/month, you are investing in a service that actively grows your reach, reputation, and revenue—not just parking your content and waiting for a miracle.

Bottom Line:

Free or cheap submission platforms cost you more in lost opportunities when your film doesn't get seen, supported, or marketed.

With Indie Elite Network, you're investing in guaranteed visibility, personalized brand growth, and real promotional strategy — giving you the momentum to build a profitable career, not just a one-time release.

Why pay thousands in separate PR and marketing campaigns? We handle it for you — all under one elite service.
